

# *Emergency Preparedness and Recovery From Disasters in Children Birth to 5 Years of Age: What Every Pediatrician Should Know.*

**H3140 Joint Program: Council on Early Childhood (COEC) and Disaster Preparedness Advisory Council, Sunday, October 27 from 1-6 pm**

- Learn how to support early childhood mental health in the context of significant community crises.
- Understand how to engage early learning centers for disaster preparedness and recovery efforts, and support of families requiring child care.

## Schedule

- 1:00-1:40 PM COEC Abstract Poster viewing
- 1:40-2:05 PM Oral abstracts and awards
- 2:05-3:10 PM Panel presentations
- 3:10-3:20 PM Council Award presentation
- 3:20-4:30 PM Panel presentation
- 4:30-6:00 PM Business Meeting and Networking

## Panel Discussion: Collaborating for Emergency Preparedness and Recovery

*"Perspectives of the Pediatrician's Role in Disaster Preparedness for Young Children"*

**Joelle Simpson, MD, MPH, FAAP**, Medical Director of Emergency Preparedness, Children's National Medical Center.

*"Mental Health Perspective in Disaster Recovery for Young Children"*

**Mary Margaret Gleason, MD, FAAP**, Tulane University

*"Child Care Perspective in Disaster Preparedness and Response"*

**Jeanne-Aimee De Marrais**, Senior Director for U.S. Emergencies at Save the Children.

- Session is **open to all** and we welcome attendees to join us for any part of the session.
- Session includes early childhood **abstract & research** presentations, and chance to **network**.
- Interested in learning more about issues focused on early childhood or lending your expertise on council projects? Please join the COEC! Stop by the AAP Membership booth during the AAP conference or complete the online registration form at [shop.aap.org/aap-membership/](http://shop.aap.org/aap-membership/).
