

We Want You!

Join our workgroups to increase child health advocacy efforts through enhancement of existing and new CPTI programs and initiatives

Leadership & Career Development

- Create guidance for pediatricians to catalogue their advocacy-related work.
- Review Advocacy Portfolio tool.
- Compiling formal definitions of advocacy roles in academic institutions.

Curriculum & Assessment

- Identify cohesive curricular resources for community health and advocacy programs.
- Create gold-standard curricular resource for advocacy residency programs.
- Present work at national conferences.

Networks & Collaboratives

- Support new and existing collaboratives through networking.
- Creation of a speaker bureau with a focus on the linkages between residency program and community partners.
