Continuing Medical Education Credit
The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates this live activity for a maximum of 16.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 16.5 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

This activity is approved for 15 MOC Part 2 points by the American Board of Pediatrics through the AAP MOC Portfolio Program. All points will be awarded (or must be claimed) based on the MOC activity completion date, which is the date MOC requirements were met. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician’s ABP Portfolio. Consult your ABP portfolio at www.abp.org for details about your specific certification requirements. For questions about how to access this activity, contact MOCPortfolio@aap.org.

PAs may claim a maximum of 16.5 Category 1 credits for completing this activity. NCCPA accepts AMA PRA Category 1 Credits™ from organizations accredited by ACCME or a recognized state medical society.

This program is accredited for 16.5 NAPNAP CE contact hours; pharmacology (Rx), psychopharmacology, and controlled substance contact hours to be determined per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

Register by March 24, 2020 for Early Bird Rates!
The 2020 Diagnosis and Treatment of Common Pediatric Mental Health Disorders Course is for general pediatricians, family physicians, pediatric subspecialists, and any pediatric provider interested in the care of children with mental health disorders. It is designed to enable participants to learn critical concepts in the recognition of pediatric mental health disorders and apply evidence-based strategies to manage patients' illnesses effectively and efficiently. The course will also provide strategies for collaborating with non-local mental health providers in facilitating ongoing care and referral if necessary. Sessions for practice of skills learned during the course will be available. Attendees will have opportunities to interact with their peers and specialists in the field.
