BLUEPRINT GOAL: PLAIN LANGUAGE VERSION

Every child gets the services they need,

so that they can play, go to school,

and grow up to become a healthy adult.

(And so grown-ups and siblings can thrive too.)

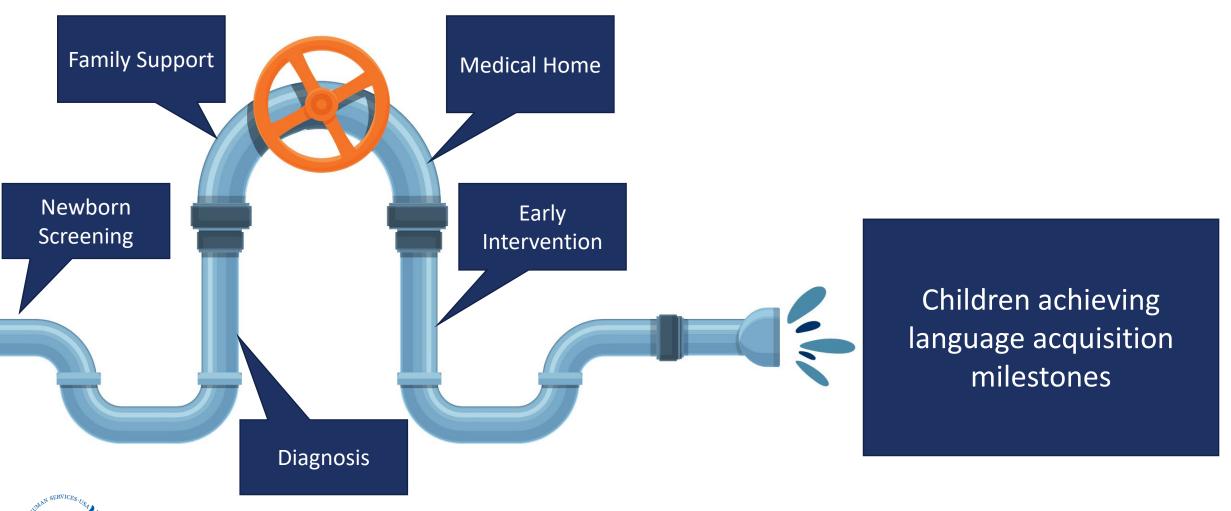

Original language: "Children and youth with special health care needs enjoy full lives and thrive in their communities from childhood through adulthood."

BLUEPRINT IN PRACTICE: Newborn Hearing Screening

NATIONAL CENTER OVERVIEW

- **Goal:** Advance and strengthen the system of services for CYSHCN, their families and caregivers at the community, state, and national levels by supporting implementation of the Blueprint for Change.
- To accomplish this goal, the National Center will:
 - Convene families/caregivers, youth, public health professionals, clinicians, and others to guide all project activities
 - Develop and disseminate a Roadmap to support implementation of the Blueprint for Change
 - Convene state teams co-led by Title V and families/caregivers to test Blueprint implementation strategies
 - Provide technical assistance, training, and support on Blueprint implementation
 - Evaluate all project activities

WHAT DO WE HOPE TO ACCOMPLISH?

- Equitable partnerships with families/caregivers and people with lived experience
- Increase understanding and awareness of the Blueprint for Change
- Increase implementation of core Blueprint domains within states and jurisdictions
- Long term outcomes: Integrated health care through the life course for CYSHCN and their families; a fair and just opportunity for CYSHCN to be healthy

NATIONAL CENTER OVERVIEW

- Timeline: July 1, 2023 June 30, 2028
- To implement this work, the AAP established the National Center Consortium which includes:
 - Boston University/Catalyst Center
 - Family Voices
 - The National Alliance to Advance Adolescent Health/Got Transition
- Other partners include:
 - UNC Chapel Hill
 - Association of University Centers on Disabilities
 - The Altarum Institute

 - Education
 - Social work
 - Community health
- Topic specific workgroups will be convened to help lead specific projects under each Blueprint domain, as well as support system integration for sustaining improvement

- Technical assistance topics (this list is not exhaustive):
 - Understanding the Blueprint for Change and what role you/your organization may have in implementing the Blueprint
 - Understanding how to implement evidence-based/informed strategies across each of the 4 Blueprint domains
 - How to leverage current financing models to support care coordination,
 case management, and addressing social determinants of health.
 - How clinicians can collaborate with the education system and early childhood system to support CYSHCN

- Publish Blueprint Implementation Roadmap
 - A collection of strategies to support implementation of the Blueprint for Change
 - Roadmap intended to be used by CYSHCN system partners to increase implementation of the Blueprint and improve the system of services for CYSHCN
 - Maintain and grow the National Center Web site and accompanying Roadmap Playbook
 - Informed by an environmental scan, feedback from our partners including families, caregivers, people with lived experience

- Environmental scan/needs assessment
 - Key informant interviews
 - Focus groups
 - Literature search
 - Review of Title V block grant applications
 - Review of National Survey of Children's Health
 - Review of Medicaid Managed Care contracts

- Learning Collaborative
 - Convening multi-disciplinary teams to learn and improve together
 - Method for accelerating change and adopting promising practices together
 - Implement components of the UNC Chapel Hill "Learning Journey" model
 - Participants: Michigan, North Carolina, Rhode Island, Texas, Washington
 - Each team will be co-led by a Title V representative and a family/caregiver
 - Lessons learned and promising practices will inform the Blueprint Implementation Roadmap

- Blueprint Implementation Roadmap implementation through:
 - Continued provision of technical assistance
 - Blueprint Cafes
 - Promising practices
 - LEND training curriculum
 - Additional learning collaboratives
