

CATCH Planning & Implementation Grants – Which application?

General pediatricians, pediatric medical subspecialists, pediatric surgical subspecialists, and fellowship trainees from the U.S. and its territories and Canada are eligible to apply for either a CATCH Planning grant or a CATCH Implementation grant.

Answer the question below to help you decide.

Not sure? Please contact your [Chapter CATCH Facilitators](#) or [CATCH staff](#) to discuss.

Where are you in the developmental stage for a community-based health project?

- A. I have identified an issue and would like to explore the issue and determine potential solutions with community partners.
- B. I have identified the issue and would like to pilot a solution or provision of care in partnership with the community as part of my proposed project.
- C. I am not sure what is the developmental stage for my community-based health project concept.

A. Read the **CATCH Planning** Call for Proposals

B. Read the **CATCH Implementation** Call for Proposals

C. Contact your [Chapter CATCH Facilitator](#) or [CATCH staff](#) to discuss. Use the [Project Planning tool](#) to assist.
