71 PARTICIPANTS

**TWO TRACKS:
EDUCATION AND
QI**

**WORKFLOW
CHANGES IN
PRACTICE**

Notes From the Field

Impact stories from participants

“Since starting the screening, we have identified many families with needs for support and we have been able to address this”

“Resources were enhanced, follow up was implemented, staff became more aware of FI and importance of screening”

“We changed our approach to screening families to encourage honest answers”

“We are more regularly screening!”
