

Toothpaste and Toothbrush Manufacturers List

Giving a toothbrush and toothpaste to patients and their families is a trigger to action for both practitioners and families to discuss oral health. Below are some options for purchasing these items in bulk. Other options may be to partner with a dentist to collaborate on Brush, Book, Bed, or a dental society or charity that provides oral care products.

Toothbrushes

Plak-smacker - <http://www.plaksmacker.com/toothbrushes.html>

Smilemakers - <https://www.smilemakers.com/catalogsearch/result/?q=toothbrushes>

Practicon - <http://www.practicon.com/category/104205305/infant-child-toothbrushes-38>

Tess Oral Health - <http://www.tessoralhealth.com/categories/toothbrushes>

Prophy-Perfect - <http://www.prohyperfect.com/>

Dental/Medical Suppliers have some toothbrush options. See Varnish Manufacturers list for contact information.

Stores and sites such as Dollar Tree, Dollar General, Walmart, Target, and Amazon sometimes have name-brand bulk toothbrush purchasing options (with children's favorite characters) – check online for options.

Individual-Sized Toothpaste with Fluoride

Dental/Medical Suppliers are able to sell bulk toothpaste to medical and dental offices. When you buy your varnish ask the representative about also purchasing toothpaste. The stores and sites mentioned above also have these products, but make sure anything you purchase carries the American Dental Association Seal of Approval.

FLUORIDE-FREE Toothpaste is NOT recommended and should not be provided to families. If you buy toothpaste and toothbrush sets or kits make sure the toothpaste included contains fluoride.
