

Why is NAEMT adopting the PEPP, Fourth Edition textbook for use within its Emergency Pediatric Care (EPC) course?

NAEMT and its Emergency Pediatric Care (EPC) Committee want to provide a comprehensive compendium of the very best pediatric prehospital care. To that end, the NAEMT leadership voted to adopt the American Academy of Pediatrics' *PEPP, Fourth Edition* textbook as the medical foundation for the EPC course, effective with the publication of the EPC 4th Edition materials in 2021.

How will the PEPP textbook be utilized within EPC courses: Will it be a required purchase for all EPC students or will it be an optional reference textbook?

The *PEPP, Fourth Edition* textbook will be a required purchase for all EPC students. The textbook will be referenced throughout the course.

How can I purchase a copy of the *PEPP, Fourth Edition* textbook?

PEPP, Fourth Edition textbooks may be purchased directly through the Jones & Bartlett Learning, Public Safety Group website at <https://www.psglearning.com/catalog/productdetails/9781284229752> or through our customer service department: (800) 832-0034. When ordering through a Jones & Bartlett Learning customer service representative, please be sure to request the EPC Version of the PEPP textbook.

Will EPC students take any precourse work? How will that be accessed?

EPC is a 16-hour continuing education course that is offered in classroom and hybrid formats (day one online; day two classroom). EPC students will not be utilizing the PEPP precourse work.

Will EPC course instructors need to purchase the PEPP Fourth Edition Instructor Tool Kit?

No. EPC course instructors will utilize the instructor resources and guidance developed by NAEMT to facilitate their courses. EPC course instructors will only need to have a PEPP textbook.

Who should EPC callers contact with questions related to their EPC course?

EPC providers may submit questions by email to NAEMT at EDUCATION@NAEMT.ORG or by calling 800-34-NAEMT.

Can an EPC course instructor qualify for instructor reciprocity as a PEPP Course Coordinator?

At this time the AAP and NAEMT are not considering instructor reciprocity. NAEMT does however offer an EPC transition seminar to PEPP Course Coordinators who want to also teach EPC courses.

Is a card or certificate given for EPC course completion with the PEPP textbook?

EPC course instructors will continue to distribute both an EPC card and certificate to providers following successful course completion. No PEPP course completion card will be offered after completion of an EPC course.

	EPC	PEPP
How do you become an EPC Instructor or PEPP Course Coordinator?	<ul style="list-style-type: none"> • Successfully complete the EPC provider course with a minimum passing score of 75% on the written test. • Successfully complete the online NAEMT instructor course with a minimum passing score of 80%. Participants will receive a certificate of completion and six (6) hours of CECBEMS accredited continuing education credit. • Submit an NAEMT Instructor Application at: Become an NAEMT Instructor. • Teach your initial provider course monitored by an EPC Affiliate Faculty. Contact NAEMT at education@naemt.org or 800-346-2368 for assistance in identifying Affiliate Faculty in your area. • Upon completion of the above steps, an Instructor certificate and wallet card will be issued by NAEMT. • Maintain current instructor status by teaching at least one course per year, 	<ul style="list-style-type: none"> • Successfully complete the PEPP provider course at the level for which they wish to conduct courses. • Be a physician (MD or DO), registered nurse, pediatric nurse practitioner, physician assistant, paramedic, or EMT • Have EMT teaching experience or experience in coordinating another nationally recognized standardized course for teaching prehospital personnel • Submit an application electronically to the AAP for approval before completing the online self-study orientation • Complete the online self-study orientation provided by the AAP • Be knowledgeable of the most current PEPP Course material and administrative policies

	<p>attending all instructor updates, as required, and maintaining current contact information with NAEMT Headquarters.</p> <ul style="list-style-type: none"> • In the US or Canada, possess a current EMT or Paramedic license in one of the states or territories of the United States or one of the provinces of Canada. Individuals interested in becoming an instructor from other countries should contact NAEMT. 	
What instructor materials are required?	<ul style="list-style-type: none"> • Instructors are required to have the current version of the EPC instructor materials. Supplemental EPC course materials, including the pre and post-test, and reference materials for students, are provided to EPC instructors for downloading through a secured page on NAEMT's web site. For the 4th Edition of EPC, instructors will also be required to have the <i>PEPP, Fourth Edition</i> textbook. 	Each instructor and Course Coordinator must have a copy of the <i>PEPP, Fourth Edition</i> textbook. PEPP Course Coordinators must also have access to the PEPP, Fourth Edition Instructor Toolkit Download files.
What materials are required for the provider?	<ul style="list-style-type: none"> • For the 4th Edition, all providers must have the <i>PEPP, Fourth Edition</i> textbook prior to and during the course. The pretest is required of all participants before attending the course. Providers will also receive supplemental course materials from their EPC instructor. 	Participants need a copy of the <i>PEPP, Fourth Edition</i> textbook with access code. Each access code number is unique and may only be used once. If a code has been utilized, participants can purchase individual access codes through Jones and Bartlett Learning at 800-832-0034.
How many CECBEMS credits can you obtain?	<p>EPC courses are eligible to receive 16 hours of CECBEMS credit. Courses are available in two formats:</p> <ul style="list-style-type: none"> • The traditional onsite course is a 16.0 hour course conducted entirely in the classroom. • The hybrid course is a 16 hour course that combines online learning (8 hours of eLearning modules), with hands-on practice in the classroom (8 hours of education). After completing all the online modules and taking a post test, providers attend an onsite course to 	<p>The PEPP Course is available as a traditional onsite course or hybrid course for both BLS and ALS:</p> <p>BLS</p> <ul style="list-style-type: none"> • The traditional onsite course is a 9.25-hour course, conducted entirely in the classroom. • The hybrid course is a combination of online learning (10.25 hours of education), followed

perform hands-on practice, and obtain expert instructor feedback.

by hands-on practice in the classroom. Instead of attending a daylong traditional onsite course, students learn a portion of the course through self-directed online modules. After completing all of the online modules, students then attend a short onsite course for completion of hands-on practice, as well as instructor interaction and the final examination.

ALS

- The traditional onsite course is a 16 -hour course, conducted entirely in the classroom.
- The hybrid course is a combination of online learning (11.75 hours of education), followed by hands-on practice in the classroom. Instead of attending a 2-day traditional onsite course, students learn a portion of the course through self-directed online modules. After completing all of the online modules, students then attend a 1-day onsite course for completion of hands-on practice, as well as instructor interaction and the final examination.

The American Academy of Pediatrics is approved by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS). Participants who successfully complete the PEPP Course are eligible to receive continuing education units (CEUs) through CECBEMS. The BLS Hybrid Course provides 15 hours of CEUs, and the Onsite Course provides 8.25 hours. The ALS Hybrid Course provides 18.75 hours, and the ALS Onsite Course provides 13 hours.
