

Webinar Series- The Mind of a School-Aged Child 2018

Sponsored by the AAP Council on School Health

This webinar series will be didactic and address the mind of the school aged child, that of cognitive development, both normal and abnormal, and how to interpret communications from schools and advocate for students who have cognitive issues. The three webinars will include time for question and answers.

SAVE THE DATE

Attention-Deficit/Hyperactivity Disorder Diagnosis and Treatment

Tuesday, March 27, 2018 | 11:00am-12:00pm CST
