

a program to enhance the health & development of infants & children

Fetal Alcohol Spectrum Disorders Program

A program of the American Academy of Pediatrics in cooperation with the Centers for Disease Control & Prevention

Fetal Alcohol Spectrum Disorders Webinar Series

The American Academy of Pediatrics (AAP) is pleased to offer a series of educational webinars on Fetal Alcohol Spectrum Disorders (FASD). Join us Fridays in April for webinar sessions on identifying and diagnosing conditions on the continuum of FASD, addressing stigma and bias related to prenatal alcohol exposure, caring for children with an FASD, and neurobehavioral disorder associated with prenatal alcohol exposure (ND-PAE). The webinars are open to all clinical personnel with practicing primary care clinicians strongly encouraged to attend. We look forward to seeing you April! For more information about the series, please contact Rosa Arvizu, Program Coordinator, AAP FASD Program, at rarvizu@aap.org.

Session 1: Fetal Alcohol Spectrum Disorders: Screening, Assessment, and Diagnosis

Faculty: Prachi Shah, MD, FAAP

Brief Description: This webinar will focus on describing the diagnostic criteria for conditions along the continuum of FASD, understanding the differential diagnoses of FASD, recognizing the neurodevelopmental phenotype associated with prenatal alcohol exposure (PAE), and explaining the importance of screening all patients for a history of PAE. Participants will be oriented to the diagnostic assessment, including the areas of the brain affected by prenatal alcohol exposure, approaches to delivering the diagnosis, and indications for referral. Faculty will reinforce the benefits of assessing for PAE and delivering an FASD diagnosis. This activity has been approved for 1.0 AMA PRA Category 1 Credit™ and 1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program.

Date/Time: Friday, April 8, 2022 (11:00am CT / 12:00pm ET)

Register: https://bit.ly/FASDWebinarSeries2022_Session01

Session 2: Overcoming Social Attitudes as a Barrier to Early Identification of FASD

Presenters: Douglas Waite, MD, FAAP & Peggy Way (FASD Consultant and Parent Partner)

Brief Description: Session 2 will define the role that social attitudes have in early identification of children with an FASD. Faculty will demonstrate how to address issues around stigma and bias in assessing for and delivering an FASD diagnosis and share lived experience to illustrate best practices regarding shame. Participants will learn the importance of screening for prenatal alcohol exposure and providing family-centered care as part of the pediatric medical home. Faculty will discuss the importance of an FASD diagnosis for treatment and interventions. This activity has been approved for 1.0 AMA PRA Category 1 Credit™ and 1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program.

Date/Time: Friday, April 15, 2022 (11:00am CT / 12:00pm ET)

Register: https://bit.ly/FASDWebinarSeries2022_Session02

Session 3: Treatment Across the Lifespan for Persons with FASD

Faculty: Amelia Burgess, MD, MPH, FAAP

Brief Description: This webinar will provide primary care clinicians with the tools they need to treat children with an FASD across the lifespan. The session will focus on identifying and managing neurobehavioral and medical concerns at different developmental stages. Participants will learn about medical, therapeutic, and pharmaceutical considerations. Faculty will present evidence-based interventions that are applicable to community-based primary care pediatricians and discuss approaches to building parent knowledge and working with the school system to access services through individualized education programs (IEPs) and 504 Plans. Support services and resources for providers, families, and teachers/schools will also be covered. This activity has been approved for 1.0 AMA PRA Category 1 Credit™ and 1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program.

Date/Time: Friday, April 22, 2022 (11:00am CT / 12:00pm ET)

Register: https://bit.ly/FASDWebinarSeries2022_Session03

Session 4: Neurobehavioral Disorder Associated with Prenatal Alcohol Exposure (ND-PAE)

Presenter: Maribel Campos Rivera, MD, MSc, MBA, FAAP

Brief Description: This webinar will focus on the factors in a patient's medical history and clinical presentation that may indicate the presence of Neurobehavioral Disorder Associated with Prenatal Alcohol Exposure (ND-PAE). Faculty will review the definition of ND-PAE from the 5th edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM-5). Participants will learn about the three domains in which children with this disorder struggle with behavior and developmental tasks and how ND-PAE may present in clinic through the developmental stages. This activity has been approved for 1.0 AMA PRA Category 1 Credit™ and 1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program.

Date/Time: Friday, April 29, 2022 (11:00am CT / 12:00pm ET)

Register: https://bit.ly/FASDWebinarSeries2022_Session04

Session 5: FASD National Office Hours

Faculty: FASD Regional Education and Awareness Liaisons (REAL) Champions Network

Brief Description: Join the AAP for a national office hours session on FASD. Members of the AAP FASD Regional Education and Awareness Liaisons (REAL) Champions Network will share their expertise and answer questions regarding early identification, diagnosis, and care of children and families living with FASD. The AAP FASD REAL champions serve as advocates for change at the practice and health systems levels to improve health outcomes for children with an FASD. They also provide training and technical assistance within their respective regions educate on and raise awareness about FASD. Bring your questions about FASD to the national office hours session for an engaging discussion. This activity has been approved for 1.0 AMA PRA Category 1 Credit™.

Date/Time: Friday, May 6, 2022 (11:00am CT / 12:00pm ET)

Register: https://bit.ly/FASDWebinarSeries2022_Session05

CREDIT STATEMENTS:

- The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
- The AAP designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- This activity is acceptable for a maximum of 1.0 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.
- PAs may claim a maximum of 1.0 Category 1 credits for completing this activity. NCCPA accepts AMA PRA Category 1 Credit[™] from organizations accredited by ACCME or a recognized state medical society.
- This program is accredited for 1.0 NAPNAP CE contact hours of which 0 contain pharmacology (Rx) content, (0 related to psychopharmacology) (0 related to controlled substances), per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

MOC Statement:

- Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn up to 1.0 MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABP MOC credit.

*Please note Session 5: FASD National Office Hours scheduled for Friday, May 6th, 2022, is not eligible for MOC points and is only eligible for 1.0 AMA PRA Category 1 Credit[™].
