MEDICAID PUTTING MARYLAND CHILDREN ON A PATH TO SUCCESS

Medicaid and Maryland Children’s Health Program (MCHP) (CHIP) provide health insurance for Maryland children; bring federal dollars into the state; and help children grow into healthy, productive adults.

PROVIDING HEALTH INSURANCE FOR MARYLAND CHILDREN AND FAMILIES

Children make up 47% of Maryland residents covered by Medicaid and MCHP.

This equals 618,583 Maryland children, including:

100% of children in foster care
75% of children who live in or near poverty
44% of children born to moms covered by Medicaid
22% of children with disabilities or special health care needs such as diabetes and asthma
37% of infants, toddlers, and preschoolers

WHERE MEDICAID FITS IN: CHILDREN’S COVERAGE IN MARYLAND

Employer-sponsored insurance: 57%
Medicaid and MCHP: 31%
Other, including Medicare, Tricare, VA: 3%
Direct purchase, including Marketplace: 4%
Uninsured: 4%

DO BETTER IN SCHOOL
GRADUATE AND ATTEND COLLEGE
BECOME HEALTHIER ADULTS
EARN HIGHER WAGES
PAY MORE IN TAXES

ENSURING HEALTHY DEVELOPMENT FROM THE START

Medicaid guarantees access to care for children through its Early and Periodic Screening, Diagnostic and Treatment benefit, known as EPSDT.

EPSDT is one of the best ways Medicaid helps vulnerable children stay healthy and on track with their peers. It:

- Identifies problems early
- Checks children’s health at periodic intervals
- Provides development, vision, and hearing screenings to detect problems
- Performs diagnostic tests to identify risks
- Provides treatment for any problems found
WE MUST PROTECT CHILDREN’S COVERAGE

AFTER YEARS OF PROGRESS, WE’RE LOSING GROUND

• In 2017, the number of uninsured children increased for the first time in a decade.  
  276,000 more U.S. children became uninsured, and progress in covering Maryland children stalled.

• In 2018, the number of children enrolled in Medicaid and CHIP fell by about 840,000 nationwide.

These data show that children’s health coverage is headed in the wrong direction—an alarming trend that cannot be ignored.

KEEP MEDICAID STRONG

Medicaid faces serious threats in states where enrollment barriers such as work reporting requirements, budget cuts, and moves to block grant or cap Medicaid funding are being proposed. Actions like these prevent Medicaid from doing its job of providing health insurance. We must prevent harmful changes that add costly administrative burden for states while also taking away people’s health coverage.

KEEP CHILDREN COVERED

States have made historic gains in covering children. But, with coverage rates stalling or headed in the wrong direction, we must double down on efforts to reach and enroll eligible children, focus on system improvements to keep them covered, and ensure that parents have health insurance, so they can keep themselves and their families healthy.
