About

The NRP Bright Ideas Showcase is an opportunity for NRP Instructors to share innovative ways for teaching with the NRP community. A Bright Idea could be a new way to run NRP simulations, organize equipment, or administer the course. It would also include quality improvement initiatives pertaining to NRP. Accepted submissions will be shared via poster at the 2020 NRP Current Issues Seminar, to be held on October 2 in conjunction with the American Academy of Pediatrics (AAP) National Conference and Exhibition (NCE) in San Diego, CA.
