Learning Objectives

Upon completion, learners will be able to
- Discuss changes in the Instructor Toolkit
- Demonstrate educational resources in the Toolkit
- Review video vignettes of challenging classroom situations and discuss resolutions an instructor can implement
Changes you may wish to make in practice:

1. Use the Instructor Toolkit to update your NRP Provider course
2. Refer instructor candidates to the ITK as a valuable resource for continuing development as an instructor

NRP 7th Edition: How to Become an Instructor
Instructor Focus Groups 2017

• To determine how Instructor Candidates, new instructors, and existing instructors use ITK content.

• Identify gaps in available resources within the ITK
What did we learn?

• Instructors prefer email communication above all other methods
• Instructors want more connection/relationship with the AAP
• New instructors need more support/communication along the way
• Instructors struggle with the LMS
• The ITK is difficult to access/navigate/“reads like a stereo manual”
• Instructors are unaware of available resources, such as “NRP Live”
• Instructor mentors may use outdated NRP methodology (Megacode)
• Instructors want skills videos to standardize instructions during Provider courses
How have we met these needs so far?
Easier access to ITK through the LMS

- Now there is a quick link in the right hand navigation bar.
Easier access to ITK through the LMS

- Access through the “completed” tab
ITK navigation and design improvements

- Right hand navigation
  - fewer options to select
  - more prominent ways to navigate back to main page
ITK navigation and design improvements

• More color graphics
How is the Instructor Toolkit useful?

Suctioning: Who, When and Why?

The NRP Steering Committee receives many questions about the current recommendation for suctioning the newborn at birth.
This is Part 1 of a three-part series regarding newborn suctioning in the delivery room.
