

Access AAP Resources from AAP Library

AAP Library allows you to access all of your subscriptions, courses, live/virtual events, and online content from a single location.

You may refer to the following steps to access your materials from AAP Library.

1. Go to <https://www.aap.org/en/my-account/products-subscriptions/library/>
2. Locate the product or subscription you would like to access, and click on the corresponding Open button.

The screenshot displays the AAP Library interface. At the top, the American Academy of Pediatrics logo and a search bar are visible. Below the navigation bar, the 'Library' section is highlighted. On the left, there are filters for 'Incomplete Activities Only', 'Learning Format', and 'Credit Category'. The main area shows a grid of course cards. Each card includes a title, format (e.g., Virtual, Live, Online Only), location, dates, and an 'Open' button. A red arrow points to the 'Open' button for the '2022 Pediatric Dermatology Pearls for the Pediatric Provider' course.
