Launch the Activity

1. Go to https://pedialink.aap.org
2. Click on the AAP Login Button
3. Enter your AAP Login and password and click the “Login” button.
4. Click the green “Continuing Education” tab.

5. Locate your activity and click on the “Launch” button (image is a sample)
Access Assessments

1. The initial launch of the activity will open to a page for Acknowledgement of the Activity Disclosure statement. Clicking on the link for the Activity Overview and Disclosure will open to the Disclosure. You will not be able to proceed to the activity without Acknowledging the disclosure.

2. Once you have acknowledged the activity disclosure, you will be able to view the course content. The home page contains the main course navigation bar on the top, where you can click any of the corresponding links to jump directly to that particular section of the course, or you may also use the back or next buttons on the bottom of the page to progress through the course in linear order.
3. Clicking on the arrow icon next to the Assessments button on the top Course Navigation bar, will expand to a drop down listing of all the available Assessments. You can click on the link for the Assessment you would like to access.
4. If you are unable to see a drop down listing of the available Assessments, you can click directly on the Assessments button, which will open to an Assessments page. From this page, the available Assessments will be listed once you expand the content by clicking on the Assessments link.
5. Before starting the Assessment, you will be presented with options for the mode you would like to launch. **Please note that to be eligible for CME credit, you would need to complete the Assessment in Learner Mode.**

6. Once you have selected the mode to launch, you will be taken to the Assessment overview page, which shows a progress bar on top to indicate which steps are completed or need to be completed. You can click on the Attempt Assessment now button to proceed to the Assessment questions.
Complete the Assessments

1. From the question view, you may filter questions by topic using the drop down filter on top, or use the Quiz Navigation menu on the left side to jump to specific questions, or use the next or previous page buttons on the bottom of the page to move linearly through the questions.

2. The Quiz navigation pane on the left side displays the progress of the questions with a corresponding color. Green indicates that the question was answered correctly, red indicates that the question was answered incorrectly, and white indicates that the question has not been answered yet.
3. Once all you have submitted answers for all the questions, you will be able to process the submission by clicking on the Finish attempt button located either from the Quiz navigation section on the left hand pane, or on the bottom of the page.

4. You will then be taken to the Attempt Summary page, which shows a full breakdown of the questions status. Click on the Submit all and finish button to complete the submission.
5. You will then be taken to Assessment Review page, which displays additional details of the Assessment submission. You can click on the Finish review button on the left hand rail to proceed.

6. You will then be taken to the Assessment Summary Page. If you met the passing requirements, it will be indicated with the task being marked as Done.
Retake Assessment

1. If you have submitted an Assessment, but the Summary shows that you did not get enough questions answered correctly to get a passing score, you would have to still use the Submit all and finish button, in order to retake and correct your answers. Clicking the return to attempt button will NOT allow you to correct the answers for that attempt.

2. From the Assessment Review page, click on the Finish Review button on the left hand rail to proceed.
3. From the Summary page, if the required steps indicate as not completed, you will be able to select the option to Re-Attempt Assessment.

4. You will then be able to start the Assessment over with all your previous progress cleared.
1. From the Claim Credit page, you will see a listing of all the available Assessments that are eligible for credit. Any of those Assessments that have been completed and met the passing requirements, will display with an option to Claim CME credit.
2. Clicking the Button or Link to Claim CME will direct you to the Activities and Credit Management tool. If your login state is not carried over, you will be prompted to login.

3. Once you are logged in, you will be directed to the Activities and Credit Management tool, with the corresponding Activity ID already filled in, and you will be able to see an option to Claim CME.
4. From the Credit Claiming page, you will be able to designate the number of Credits you would like to claim.

5. Once you have entered the desired number of credits to claim, you can click the Confirm Claiming Button.
6. If the claim processes, you will see a message that it was successful. You may also click on the link to print a certificate of completion.

7. From the Generate Certificate page, you can select the type of certificate and then click the Generate Certificate button.
8. You will then be able to see the content of the certificate, with options to Download as PDF or Print a hard copy.
Monitor Course Progress

1. From the Course Home page, there is a section for Course Completion Status, which lists the course requirements and details of your progress for each of the requirements. Clicking on the More details link will open to a full page view of the progress.

2. From the Completion Progress details page, you will see the breakdown of the requirements with corresponding status and completion dates. You can click on the Return to course button to return back to the main Course home page.
If these steps were used to correct an issue but the issue persists, please contact the Member and Customer Care at 800.433.9016 or email us at mcc@aap.org for further assistance.
