Red Book® Online (RBO) users can access RBO from anywhere by affiliating their AAP ID to their institution’s subscription. Please follow the steps below to set up your remote access to RBO.

**Note:** These steps must be performed from a workstation within your institution that currently has access to RBO. Institution name at top of the page indicates you are on a workstation with access to RBO.

**Access RBO Remotely**

1. Go to the RBO home page at [https://publications.aap.org/redbook](https://publications.aap.org/redbook)
2. Click on the Login link and select Individual Login.
3. Sign in using your individual AAP Login and Password. If you do not have one, click here to create one.

4. To confirm that your account is synced to the organization subscription, you will see the institution name appear as well as your individual account details when you are logged into your account.

5. After you have completed this process, use your AAP ID and password to access the full RBO content and all of its features from any location that has access to the internet.

If you need more help accessing RBO, please contact Member and Customer Care at 866-843-2271 or email us at mcc@aap.org for further assistance.
