[Product Information](#)

Description

Test your knowledge in developmental-behavioral pediatrics in a fun, engaging way. Gain insight into clinical scenarios with relevant content. Includes suggested readings for further study and text and email alerts to deliver questions to your phone or inbox on the schedule you choose.

2021 Topics include:

- Identifying childhood experiences that impact asthma control
- Managing treatment strategies of patients with pediatric bipolar disorder
- Selecting the best treatment of articulation disorders
- Using motivational interviewing to change behaviors

A subscription to PREP DBPeds, online only, includes:

- Total of 72 questions and critiques, 6 per month
- Published monthly
- MOC & CME credit

All PREP Self-Assessments include enhanced reporting, confidence ratings and new PREP Pearls as flash cards to help you identify areas for further study and improvement.

Group Rates Available!

To request a custom quote for your group, practice or institution fill out the group rates order form and submit.
