

Link Individual AAP Account to Organization Subscription (Access Institutional Resources Remotely)

AAP resources that are provided through an institution's subscription are typically available while on-site and connected to the network there, but there is a way for individuals to still access organization subscription contents remotely while off of the network. This is done through establishing an affiliation to the organization from an individual AAP Account.

Users can access organizational resources from anywhere by affiliating their AAP ID Number to their Institution's subscription. Please follow the steps below to set up your remote access to your institution's subscription.

Note: These steps must be performed from a workstation within your Institution that currently has access to resources. Institution name at top of the page indicates you are on a workstation with active authentication.

Access Institutional Resources Remotely

1. Go to the AAP Publications Home Page at <https://publications.aap.org/>
2. Click on the **Login** link and select Individual Login.

3. Sign in using your Individual AAP Login and Password. (If you do not have one [click here](#) to create one)

Don't have an account?

A membership is not required to create an account. Create an AAP account and enjoy these benefits:

- Manage contact preferences and interests
- Manage orders and subscriptions
- Access digital library
- Manage courses and learning plans
- Claim credit and print transcripts
- and much more!

If you represent an organization you can also create an account to make managing your purchases easier.

Create an Account

4. To confirm that your account is synced to the organization subscription, you will see the Institution name appear as well as your Individual account details when you are logged into your account.
