Associate Editor—Pediatrics Open Science

The American Academy of Pediatrics (AAP) is recruiting a team of Associate Editors to serve on the Executive Editorial Board for its new open access journal, *Pediatrics Open Science*. Associate Editors will be crucial to the success of this new journal and will be relied upon to contribute innovative ideas to the shape and operations of the journal. This is a unique opportunity to be involved in the launch of a brand-new title in the AAP family of publications.

Responsibilities

- Be an ambassador for the journal and its overall mission.
- Share ideas for innovations in content and journal format.
- Solicit ideas and opinions from colleagues regarding content and utility of the journal.
- Manage the processing and review of a subset of articles, including assigning reviewers, providing comments, recommending article disposition, and soliciting commentaries.
- Recruit articles for submission to *Pediatrics Open Science* from your colleagues and network.
- Declare a conflict of interest if asked to manage an article that in any substantive way would present a conflict.
- Attend virtual *Pediatrics Open Science* Executive Editorial Board meetings approximately every other week.

Qualifications

- Content and/or methodologic area of expertise relevant to child health, as evidenced by education, scholarly activity, and/or impact on health policy relevant to children.
- Publication in peer-reviewed journals.
- Experience on an editorial board and/or as an associate/assistant/section editor is highly desirable.
