

# TECaN presents QUALITY IMPROVEMENT SUMMER SCHOOL 2023

- ✓ Looking to enhance your knowledge and experience with QI projects?
- ✓ Seeking mentorship from content experts from around the country?
- ✓ Hoping for a mixed learning model with self-guided modules supplemented by virtual small-group discussions?
- ✓ Want to obtain the IHI Basic Certification in Quality Improvement and Patient Safety?

## Track 1

- ★ Cover modules necessary to complete the IHI Basic QI and Patient Safety certification
- ★ Supplement online IHI modules with 5 monthly virtual sessions with content experts
- ★ Interactive, small-group sessions
- ★ Interactive exercises to learn about building SMART aims, run and control charts, rules for identifying signals, etc.

## Track 2

- ★ Provide platform for individuals to share and receive feedback on active QI projects
- ★ Interactive, small-group sessions
- ★ Interactive exercises to build and interpret QI data (XMR charts, U-charts, P-charts, pareto charts, statistics, etc)

Registration for 2023 is now open.
