FEATURED SPEAKER

L. Joseph Butterfield Lecture

RICHARD J. MARTIN, MD, FAAP

Joe Butterfield was an expert in coordinating the expertise and energies of his colleagues and predecessors while applying his own leadership skills to create new and effective strategies and solutions. His leadership resulted in the implementation of systems for health care education and health care delivery that saved many lives and improved the well-being of millions. The neonatal intensive care unit involves the efforts of a broad, multidisciplinary team of people. The 20th offering of this lecture will provide a history of the evolution of perinatal practice nationally and internationally, with emphasis on cost effective interventions which have improved neonatal survival across the globe.

The Butterfield Lecture is supported by an endowment from Abbott Nutrition. Dr. Richard J. Martin is Professor of Pediatrics, Reproductive Biology, and Physiology & Biophysics at Case Western Reserve University School of Medicine. He was raised and educated in Australia, and received his medical degree from the University of Sydney School of Medicine. He is the first holder of the Drusinsky/Fanaroff Chair in Neonatology, Rainbow Babies & Children's Hospital.

Dr. Martin is a most sought after expert in the field of Developmental Respiratory Neurobiology, focused primarily on the subjects of apnea of prematurity, intermittent hypoxia, and both lung and airway injury. He has lectured widely and is a sought after speaker in the USA and worldwide. He is co-Chair of a regional Neonatology conference held annually at the Nemaocolin Woodlands

Resort in Farmington, Pennsylvania, and of the International Neonatology Symposium held in Bangkok, Thailand. Dr. Martin is senior editor of the major neonatal text, *Neonatal-Perinatal Medicine*, along with Drs. Avroy A. Fanaroff and Michele C. Walsh. Also to his credit are approximately 200 first- and/or co-authored articles in peer-reviewed journals, and approximately 100 chapters and reviews published in well-known books in the medical field. He serves on numerous editorial boards, is past Chair of the Sub-Board in Neonatal/Perinatal Medicine of the American Board of Pediatrics, and has mentored a number of leaders in Neonatology in the USA and abroad. He is the 2017 recipient of the Virginia Appgar Award of the American Academy of Pediatrics' Perinatal Section.

SPECIAL CODING SEMINAR

This seminar is designed to instruct neonatologists about CPT codes and how they are used in daily practice. Application of codes to various patient conditions and situations will be explored using audience response system (ARS) technology. Discussion will include recommendations from the audience on the needs and limitations of the current codes. Download "Poll Everywhere" prior to the meeting, available in the App Store on your smart phone for use during the audience response portions of the meeting.

NEONATAL CODING: AFTERNOON DEEP DIVE SEMINAR FOR CODING AND BILLING PROFESSIONALS (Open only to participants registered for the Coding Seminar)

Please join Drs. Edward A. Liechty, David M. Kanter and Angela D. Kelley from the Section on Neonatal-Perinatal Medicine Coding Committee Trainers immediately after lunch on Friday for an afternoon discussion exclusively devoted to issues and concerns relevant to your practices.

Acknowledgments

The AAP gratefully acknowledges support for the 2018 Workshop on Neonatal-Perinatal Practice Strategies in the form of educational grants from Abbott Nutrition and Mead Johnson Nutrition.

SCHEDULE AND FACULTY

Because we are always striving to improve the quality of your educational experience, schedules are subject to change. The AAP may substitute faculty with comparable expertise on rare occasions necessitated by illness or scheduling conflicts. Please visit shop.aap.org/perinatal2018 for schedule, faculty, and session updates.

The Workshop on Neonatal-Perinatal Practice Strategies also provides opportunities for members of TECaN, MidCaN, and WIN to connect and meet. Contact the leadership of these organizations for further information about organized events occurring during the conference.

DISCLOSURE OF FINANCIAL RELATIONSHIPS AND RESOLUTION OF CONFLICTS OF INTEREST

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve "off-label" use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of this CME activity does not necessarily reflect the views or policies of the AAP.
