PRELIMINARY PROGRAM

Earn a Maximum of 48.25 AMA PRA Category 1 Credits™

AAPexperience.org
The American Academy of Pediatrics National Conference & Exhibition aims to develop, maintain, and improve the competence, skills, and professional performance of pediatricians and pediatric health care professionals. Join us in San Francisco to connect with colleagues, gain insight into the latest treatment strategies, and bring new ideas back to your practice and hospital. You will find innovation and expertise in one place, with hundreds of educational sessions in nearly 60 topic areas, the largest pediatric-focused exhibit hall, and incredible networking events. The National Conference has something for every pediatric health care provider, including hands-on workshops, guideline updates, and posters with the latest research. We’ve lined up engaging content on trending topics that you won’t want to miss. Mark your calendar to connect with over 15,000 participants in San Francisco!
Friday, October 21 • 11:30AM – 5:30PM
The Medium Is the Message: How Electronic Media Are Transforming Our Patients’ World

During the limited time pediatricians have for health maintenance visits, we are asked to address brain development, school readiness, healthy weight, socialization, discipline, and high-risk behaviors. There is, however, a common thread running through all these topics: children’s electronic media use. Peds 21 attendees will hear from leaders in the field about the critical role that media use plays in many of the child health outcomes about which we care the most. Speakers will cover emerging data in an area that’s evolving so fast that many of us feel unable to keep up. Learners will return to their practices with new tools to help families establish a media use plan that will reinforce healthy behaviors for life.

Supported by the AAP Friends of Children Fund

Peds 21 will offer the opportunity to earn 10 points of Maintenance of Certification (MOC) Part 2 credit from the American Board of Pediatrics through the AAP MOC Portfolio Program, in addition to CME credit.

You must attend Peds 21 and complete an associated self-assessment to be eligible to claim 10 MOC Part 2 points.
The AAP National Conference offers sessions running concurrently throughout the meeting, covering a full range of pediatric topics.

Use the online AAP Conference Planner to:

- Search and review descriptions for all educational sessions and special events
- Build a customized itinerary
- Download session handouts
- Evaluate sessions
- Identify sessions with simultaneous Spanish/English interpretation

Conference Schedule

San Francisco often is called “Everybody’s Favorite City,” a title earned by its scenic beauty, cultural attractions, diverse communities, and world-class cuisine. Measuring 49 square miles, this very walkable city is dotted with landmarks like the Golden Gate Bridge, cable cars, Alcatraz, and the largest Chinatown in the United States. A stroll of the city’s streets can lead from Union Square to North Beach to Fisherman’s Wharf, with intriguing neighborhoods to explore at every turn. Views of the Pacific Ocean and San Francisco Bay often are laced with fog, creating a romantic mood in this most European of American cities.

The AAP offers incredible networking and social events throughout the conference, including the opening President’s Welcome Reception, Kids’ Camp Family Reception, and a memorable San Francisco Experience! at the Exploratorium. This is a great opportunity to have a unique experience in the beautiful city of San Francisco.

**Explore San Francisco**

San Francisco has only one drawback—’tis hard to leave.
